Bid Document No. BGL/485/2019-20

SECTION 8 SCOPE OF WORK

Scope of Work:

The Contractor must follow the Operation & Maintenance requirement as stated below but not limited to and ensure to provide trouble free services to the satisfaction of the owner.

1. Accommodation / transportation / medical

The contractor shall make his own arrangement for the accommodation of his personnel at respective locations and subsequent transportation arrangement for them from their place of residence to work place or any other place as required and company shall have no obligation in this respect. The company shall not be responsible for providing any medical assistance to the contractor personnel.

2. Discipline

The Contractor shall be responsible for the discipline and good behaviour of all his personnel deployed in the services contracted out and should any complaint be received against any of his employee; he shall arrange to replace such persons within 24 hours of notice issued by the Engineer-in-Charge. The decision of the Engineer-in-Charge in this matter shall be final and binding on the contractor.

3. Gate pass / identity card

The contract shall arrange to supply / renew identity card to his workforce at his own cost, if so required by BGL for security or for any other reasons. Those contractor's personnel shall be required to carry their respective identity cards while on duty and produce on demand.

4. Right to get services carried out through their agencies

Nothing contained herein shall restrict BGL from accepting similar services from other agencies, at its discretion and at the risk and cost of the contractor, if the contractor fails to provide the said services any time.

5. Sub-letting of contract

No part of this contract nor any share or interest therein in any manner or extent, will be transferred or assigned or sub-let, directly or indirectly to any person / firm or Organization without prior permission of BGL.

6. The officer in charge shall have power to

- i) Issue the Contractor from time to time during the running of the contract such further instructions as shall be necessary for the purpose of proper and adequate execution of the contract and the Contractor shall carry out and bound by the same.
- ii) During the currency of this contract, BGL can increase and/or decrease the number of the services / technicians to meet contractual requirements.
- iii) Order the Contractor to remove or replace any workman whom the company considers incompetent or unsuitable and opinion of the company representative as to the competence of any workman engaged by the Contractor shall be final and binding on the contractor.

7. Contract Repatriation and termination

BGL shall reserves the right at any time during the currency of the contract, to terminate it by giving 30days notice to contractor, and upon expiry of such notice period the Contractor shall vacate the site / office occupied by him immediately.

However BGL shall reserve the right at any time during the currency of the contract, to stop/suspend the services under abnormal circumstances by giving one week notice to contractor. Payment shall not be payable for such period of suspension.

On normalisation, BGL may ask for resumption of services in week's period.

8. Compensation for non-fulfilment of obligation under Annual Maintenance Contract (AMC)

If the Contractor fails to provide the required services,

Break-down penalty would be applicable as follows:

For each Booster Compressor:

- **For Shutdown restored within 6 hours on daily basis - No Penalty. The service provider can also club 6 hours for two consecutive days for 2 times a month without any penalty.**
- **For Shutdown beyond 6 hours – Penalty @ Rs 200/- per hour for the default period; will be on monthly cumulative basis rounded to nearest hour. For calculation of default period, will be recorded jointly by the service provider and owner on daily basis.**
- **For carrying out the periodic / scheduled / breakdown maintenance of compressor package the service provider shall be allowed a maximum of 18 hours once in a month.**

Maximum penalty would be applicable 70% on monthly net invoicing amount of each Booster Compressor.

9. General

The operation & maintenance services shall be provided on round the clock basis.

- a. The Contractor shall deploy adequate number of operators and technicians as well as tools & equipment for smooth and proper operation & maintenance of the compressors supplied in terms of the contract. In case required to meet operational requirements, the Contractor shall augment the same as per direction of Engineer-in-Charge.
- b. The Contractor is required to carry out all services as mentioned in the Scope of Services and Schedule of Rates on all the 365 days including Sunday and all holiday and around the clock
- c. The Contractor shall allow weekly rest and daily working hours to his workmen as per the relevant Act / Law / and Rule made there under. However, no work shall be left

Bid Document No. BGL/485/2019-20

incomplete / unattended on any holiday / weekly rest. Technician / operator provided shall have minimum qualification of ITI. Contract in person or his authorized representative shall provide the services on daily basis to interact with Engineer-in-Charge and deployed workmen.

- d. The workforce deployed by the Contractor for O&M services at CNG installation shall be of sound relevant technical professional expertise which is otherwise also essential from the safety point of view of the personnel of the Contractor as well as for the installation.
- e. Contractor has to ensure the safety of man and machine all the times. Damages of equipment due to negligence will be recovered as per the decision of Engineer-in-Charge, which will be final.
- f. Regarding work completion, the decision of the Engineer-in-Charge will be final and binding.
- g. The Contractor shall make his own arrangements to provide all facilities like boarding and transport etc. to his workmen.
- h. All personnel of the Contractor entering on work premises shall be properly and neatly dressed and shall wear uniform, badges while working on premises of the company including work sites.
- i. Contractor shall maintain proper record of his working employee's attendance and payment made to them.
- j. The Contractor's representative shall report daily to the Supervisor at BGL office through telephone from R.O. for day to day working.
- k. All the safety rules and regulations prevailing and applicable from time to time at the installations as directed by BGL will be strictly adhered to by the contractor
- l. The rates quoted by the Contractor must be inclusive of all taxes & duties except service tax. Service Tax to be quoted separately as specified in the SOR.
- m. It will be the responsibility of the Contractor to pay as per the minimum wages of the appropriate government applicable under the Minimum Wage Act 1948.
- n. The maintenance services shall be provided on round the clock basis. The Contractor is responsible to provide effective and efficient services round the clock and assure that there is no disruption in the services for want of any resources.
- o. The Contractor shall deploy adequate number of technicians / operators at various site offices in consultation with Engineer-In-Charge to provide trouble free operation & maintenance of the compressors / dispensers. Site in charge shall always be available 24 hours on Mobile Phone.

- p. All arrangements for communication from control room to the contract person working on job under the services shall be the responsibility of the contractor, viz pagers / walky-talky / telephone.
- q. All the jobs mentioned under scope of services shall be carried out as per sound engineering practices, work procedure documentation, recommendation of the manufacturer and as per the guidelines / direction of engineer-in-charge of authorized representative.

10. Operation & Maintenance of compressor packages during contract period

- a. All OEM spares, required for carrying out the operation and maintenance of the complete compressor packages during the contract period, including periodic, breakdown maintenance for continuous and uninterrupted operation of the compressor packages shall be supplied by the contractor at free of cost to the owner.
- b. The Contractor shall have to keep / supply all the consumables such as lubricants, coolant etc. required for carrying out periodic, breakdown, emergency maintenance etc. of the package so as to minimize the down time of the compressor.
- c. Bidder has to submit the oil testing certificates to BGL.
- d. All tools, tackles and fixtures required for carrying out the above maintenance of the compressor shall be in scope of the Contractor. The scope will also include handling equipment like crane, forklift, chain pulley block etc. required during the any maintenance activity.
- e. Any expert services required from principal company or OEM shall be arranged by the Contractor or his agent at his own cost. All arrangements like phone, fax, computer, internet etc. required for correspondences with above personnel shall be arranged by the Contractor.
- f. The periodic maintenance required to be done as per OEM recommendation shall be taken up promptly. The Contractor shall provide the detailed preventive maintenance schedule along with
- i) Estimated down time required for each type of maintenance schedule.
 - ii) List of spares and their quantities required for each type of maintenance schedule per compressor.
 - iii) Type and number of man days required for each type of maintenance schedule per Compressor.
- g. The Contractor shall use only OEM's certified spares during maintenance. In case, the schedule maintenance of the OEM manual recommends checking and replacing parts like valves, regulators, hoses, piston rings etc. after certain time interval, same shall be replaced or used further only on approval from the BGL representative. However

Bid Document No. BGL/485/2019-20

any unto ward consequences for non-replacement of such parts shall be the responsibility of the Contractor.

- h. Bidder has to deploy the trained manpower to operate the machinery efficiently.
- i. Bidder has to ensure the power consumption of the machinery should in the prescribed limits by the OEM, otherwise its financial implication shall be deducted from the bidders monthly bills limited to 70% of AMC monthly charges.
- j. All routine and periodic checks / inspections required to be done as per OEM recommendation shall be done by the Contractor. Instruments required for above inspection like vernier calliper, micrometer screw gauge, fill gauges, bore gauge etc. shall be in scope of the Contractor and these instruments shall be calibrated every year.
- k. The Contractor shall submit a copy of the daily / weekly / fortnightly / monthly / bio-monthly / quarterly and yearly performance report to the EIC in both soft and hard form. All stationery including the printed material shall be in scope of the Contractor.
- l. All the maintenance / inspection job carried out by the Contractor shall be recorded and the report of the same shall be jointly signed by BGL representative.
- m. Checking, weight monitoring, refilling & hydro test of Co2 flooding system shall be done record of the same has to be submit to the BGL.
- n. The EIC will be final authority to take decision with regards to maintenance or replacement of spares or any disagreement between the Contractor and BGL, during the execution of the contract.
- o. The Contractor shall carry out calibration of gas detectors and flame detectors every six months or earlier as per requirement or instruction of EIC of BGL. Also yearly calibration of all the instruments such as pressure gauges, transmitters, switches, mass flow meters etc shall be in the scope of the Contractor. In addition to the above all safety relief valves shall also be tested and calibrated every year.
- p. Calibration shall be done from government-approved laboratories and shall be carried out at least 15 days prior to the calibration due date.
- q. The periodic maintenance required to be done as per OEM recommendation shall be taken up promptly. The Contractor shall plan such maintenances during non peak hours and in consultancy with the EIC of BGL. Any maintenance that needs to be taken up shall be well planned in advance with due approval of the EIC. The scope shall include preparation of maintenance schedule for carrying out the maintenance during the contract period.

Brief Scope of Work:

1. Equipment under AMC

Comprehensive AMC proposed will be limited to the equipment listed under Hyderabad CNG stations as per details given below:

Sr. No.	Name of Equipment & Make	Model & Brief Specification	Qty. (Nos.)
1	Booster Compressor Package of IDRO MECCANICA of M/s. Sopan O&M Company Pvt. Ltd	DDE-13-160-110 of 400 SCMh capacity	9

Other accessories like Radiator with motors and pumps, Air Compressors, Control panel, etc. related to the Booster Compressor packages all are included in CAMC.

2. Contractor team (Technician / Operator) – Rolls and Responsibility:

The functions and responsibilities are listed below:

- To function as an integral member of the BGL O&M coordination team.
- Interface with Contractor / BGL on all equipment and system issues mobilize any Contractor / BGL resources required for scheduled or unscheduled maintenance.
- Assist BGL personnel with development and implementation of sound operating and maintenance strategy and procedures, including corrective action guidance.
- Assessments of consumables, operational and maintenance spares, OEM services etc. Maintain spares inventory well in stock to avoid any uninterrupted operations on round the clock basis.
- Provide reports as per BGL O&M practices.
- Conduct training programs for upgrading O&M resources, participate in all Contractor / BGL sponsored safety trainings.
- Collect and provide data as deemed necessary by BGL to analyse equipment performance.
- Responsible for performing all routine, breakdown & scheduled maintenance activities during O&M.
- Monitor the performance of equipments.
- Monitor all essential parameters of the running equipment and report any discrepancy in operational parameters.
- Responsible for log book data capturing, minor maintenance activities, safety of equipments for safe operations.

Maintenance team shall be made available for work on 24 Hrs. basis.

3. Scope of work – Operation & Maintenance

3.1 Spares & Consumables

All Spares and Consumables like Frame oil, Air Compressor lube oil, Coolant, DM water, Gear box oil, Grease etc. will be in Contractor scope during the Comprehensive AMC period. BGL shall approve the installation of OEM equivalent spares; however contractor

Bid Document No. BGL/485/2019-20

should submit all the technical details of equivalent spares to the concerned EIC prior to installation for approval.

3.2 Tools & Tackles

One set of conventional Mechanical & Electrical general tools for maintenance job shall be provided by Contractor.

3.3 Special Services

- Contractor shall arrange calibration of all the instruments which are installed in the package annually after necessary approval from BGL
- Contractor shall arrange filling of Co2 cylinders quarterly, however the flooding system function check with discharging the Co2 shall be carried periodically and recorded
- Contractor shall arrange visit of vendor representative for package routine maintenance depending on site requirement. Services like inspection, breakdown, top / major overhauls shall be taken care by contractor.
- Contractor shall arrange welder / plumber when required with material if required
- Contractor shall arrange Panel vendor / Software programmer visit when required with parts if required
- Contractor shall provide all necessary lifting equipment
- Contractor shall provide all necessary facilities of any additional repair, welding, testing, calibrations etc.
- OEM services if required for any Overhauls
- Maintenance of the instruments, transmitters, controls, switchgear within the battery limit
- Contractor shall provide First Aid box at site
- Contractor shall provide painting of canopy and equipments annually / as and when required
- Contractor shall supply electrical system / panel which are damaged in case of power failure

3.4 Additional Services

Contractor shall provide any additional service that may be required, using the expertise and technology of OEM services and should provide a detailed inspection report

3.5 Scope for AMC Activities

Contractor shall depute site personnel as enlisted above for carrying out the AMC of the Booster compressor packages and Dispensers

Uninterrupted service shall be provided round the clock including Sundays and other holidays throughout the contract period. Contractor shall advise the schedule / predictive maintenance that need to be carried out and BGL will provide reasonable time period to carry out such work

Technician's activities are as detailed below:

1. All annual O&M spare parts (regular / breakdown / overhauling) will be in the scope of Contractor.

Bid Document No. BGL/485/2019-20

2. Round the clock trouble free and safe operation and maintenance of the following equipment as per laid down operating procedures
 - a) Gas compressors, Electric motor, Cooling system, Overhead makeup coolant tank, Gas line with in the battery limit, Valves etc.
 - b) Instrumentation – PTs, TTs, PGs, FTs, Electronic panels, Control valves, PSVs etc.
 - c) Electrical panel, Radiator system, Air compressor system and Co2 flooding system.
3. Upkeep of all operational and maintenance records and everyday logging of all the critical parameters of equipment, hours run and any specific maintenance / repairs carried out including material / spares consumed
4. Continuous vigil on the condition of running equipment
5. Preventive maintenance schedule of all the equipment to be followed religiously using genuine OEM / OES spares and to be recorded in logbook
6. Fault finding and troubleshooting of the equipment are carried out and maintain the record of it
7. Schedule maintenance shall normally be carried out by interacting with Engineer in charge during day time general shift, however routine checks and maintenance to be carried out on round the clock
8. Upkeep of equipment shall be taken up immediately after completion of maintenance or a repair and area shall be kept neat and clean. The waste generated during maintenance shall be dumped in a designated area with in the CNG station
9. Provide the quality and adequate quantity of lubricating oils and cleaning agent as per OEM recommendations
10. Coordinate calibration of the instruments and maintain records
11. MIS duties – all Checklists, DPRs, Monthly reports miscellaneous correspondence regarding resource requirements and information required by management as and when required
12. Providing resources such as tools, cotton waste etc. as required for operations
13. Providing all personnel with the necessary PPE like Safety shoes, Hand gloves, Cotton uniform etc. and ensure that the personnel shall all the time use PPE when they are at site
14. Disposal of empty barrels / burnt oil barrels shall be disposed according to documented procedure.
15. All wastes (hazardous, bio-degradable & non-biodegradable) are stored & disposed off as per documented procedure

- c. Schedule of Rates as enclosures to letter of acceptance
- d. Job / Particular Specifications
- e. Drawings
- f. Technical / Material Specifications
- g. Special Conditions of Contract.
- h. General Conditions of Contract
- i. Indian Standards
- j. Other Applicable Standards

It will be contractor's responsibility to bring to the notice of Engineer-in-charge any irreconcilable conflict in the contract documents before starting the work(s) of making the supply with reference which the conflict exists.

In the absence of any specifications covering any material, design of work(s) in the same shall be performed / supplies / executed in accordance with Standards Engineering Practice as per the instructions / directions of the Engineer-in-charge, which will be binding on the Contractor.

2. Location /site Information

As mentioned in SOR

3. Payment Terms:

Monthly running account bills in triplicate subject to carrying out maintenance as per the scope of the work. Payment shall be made from the F&A Dept. of BGL, within 15 days from the date of receipt of the bill. The bill should be submitted along with the copies of all monthly reports like scheduled maintenance, statutory testing reports,

Bid Document No. BGL/485/2019-20

service reports and other relevant reports as necessary duly certified by station In-Charge/Engineer-In-Charge.

4. Contract Performance Guarantee:

7.5% of one year's contract value within 30 days of award or 5% of Contract/Order value within 30 days of award and balance to be deducted against each RA bills till balance 2.5% is deducted. This deducted amount can be released/deduction can be stopped against submission of bank guarantee of equivalent amount.

Note:

- (i) For security deposit/ Contract Performance Guarantee purpose, Contract/ Order Value as mentioned above shall be exclusive of taxes and duties.
- (ii) The Contract Performance Guarantee will be obtained for a period of 90 days beyond the contract period/ duration and applicable Warranty/ Guarantee /Defect Liability Period (if any).
- (iii) Contract performance guarantee to be submitted by bidder within 30 days after issuance of Fax/Letter of Intent /Acceptance failing which action to be initiated as per provision of contract/tender.

5. DLP- Period:

3 months from date of completion of Work Order / Purchase Order as certified by EIC

6. Mobilization Period:

Within Two weeks from the date of award of Work Order.

7. Extension of Contract:

The contract may be extended for a maximum period of 3 months at the sole discretion of BGL, subject to satisfactory performance of the Vendor during the contract period.

8. Price Reduction Schedule (PRS): As Per GCC.

9. Compliance of Government of India directives:

- i. Pradhan Mantri Suraksha Bima Yojna (PMSBY) and Pradhan Mantri Jeevan Jyoti Bima Yojna (PMJJBY) Contractor shall, ensure that all its manpower deployed under this contract have obtained additional insurance coverage under the Pradhan Mantri Suraksha Bima Yojana (PMSBY) and Pradhan Mantri Jeevan Jyoti Bima Yojana (PMJJBY) through the participating banks and submit the proof of such insurance coverage to the satisfaction of COMPANY. The cost of the insurance premium amount for both the above schemes shall be borne by the contractor giving evidence / proof to COMPANY in this respect and Contractor shall suitably consider the same in his bid. Both the schemes are to be regulated continuously on yearly basis and the same should be renewed on each successive relevant date in subsequent years.

Bid Document No. BGL/485/2019-20

- ii. Payment through Aadhaar Payment Bridge and Employment of Aadhaar Card Holder: As per communication received from Ministry of Petroleum and Natural Gas vide letter dated 03.06.2013, Contractors are required to give preference to those contract worker who either have Aadhaar Card or have applied for Aadhaar Card or agreed to apply for Aadhaar Card to establish their genuineness and payments may be made to them through Aadhaar Payment Bridge to the extent possible.
- iii. Labour Identification Number (i.e. LIN) Registration(Mandatory): The Unified Shram Suvidha Portal, developed by Government of India, facilitates reporting of Inspections & submission of Returns and has also been envisaged as a single point of contact between employer, employee/ contract worker and enforcement agencies bringing in transparency in their day-to-day interactions. For integration of data among various enforcement Agencies, the Contractor, as an inspectable unit, is required to register and obtain Labour Identification Number (i.e. LIN) from Shram Suvidha Portal and submit the same in COMPANY.
- iv. Pradhan Mantri Rojgar Protsahan Yojna (PMRPY): In order to support the Govt. of India's Initiative on Employment Generation, the contractor must register for Pradhan Mantri Rojgar Protsahan Yojna (PMRPY) Scheme. Compliance made under this scheme and any benefits drawn may be informed to COMPANY so as to derive the legitimate Employer's PF Contribution and adjustment thereon.
