11		SOR	If Quantity transported is less than 01 lakh Kgs per month , then payment shall be made at actuals for the transported quantity as per the defined SOR . For remaining Qty , payment shall be made on weighted average basis.	Kindly clarify Case II mentioned in SOR.	If Quantity transported is less than 01 lakh Kgs in a particular month due to reasons attributable to BGL then payment shall be made as follows: i) at actuals for the transported quantity as per the defined SOR line item rates ii) Balance quantity payment shall be made on weighted average basis. e.g. In a particular month, If BGL unable to provide CNG of 01 lakh Kg to the associate and the associate has transported 50000 Kg in one no.LCV and 20000 Kg in another LCV then BGL shall pay as follows: i) transported 70000 kgs CNG shall be paid as per the defined SOR line item ii) Balance 30000 Kgs CNG quantity payment shall be made on weighted average basis (i.e. 50000*R1/70000 + 20000*R2/70000)*30000. Where R1 & R2 are Rates quoted by the associate in a particular slab which shall be decided based on the running Km range of LCV on that particular month.	
12	182	Tender Vol I of II - Clause No. 11-Duration of Contract	The contract shall be valid for a period of 04 years Months reckoned from the 16th day of issuance of LOA/LOI or the date of commencement/deployment of Mobile Cascade whichever is earlier.	The total contract period is 4 years but there is no provision for fuel escalation, request you to kindly consider the same.	New Clause: Fuel escalation/ de-escalation Rates quoted are firm and will remain unchanged during currency of the Contract. However, the BGL will consider an increase/decrease in the Kilometers rates due to fuel consumption in vehicle during the contractual period, in the event of increase/decrease in retail prices of fuel. Monthly hiring charges should be quoted considering the cost of fuel on the due date of opening of the bids in BGL. This rate will be considered as base rate per Kg of CNG or per ltr of Diesel/Petrol etc. for the purpose of calculation of escalation and de-escalation for the entire period of contract. Bhagyanagar Gas Limited will consider increase / decrease of rates during the contractual period in the event of increase / decrease in the prices of fuel. a. Documentary evidence regarding rate of fuel has to be provided by the ASSOCIATE. However, this will not be applicable for increase of spare parts, lube oil etc. The calculation of escalation/de- escalation on account of cost of fuel over base rate will be done as follows: (A/B) * (I-N) Whereas, A =Total K.M. run during the month B = Mileage of the vehicle (approx.) as per OEM recommendation and document proof shall be submitted by the bidder	
13				Kindly specify the type of Cascade? can we deploy 8580 WL capacity Cascade to meet the 100000 Kg / month CNG transportation criteria.	Bidder may quote for cascade capacity of 4500WL or above	
14	3 of 13	Tender Vol II of II - SOW-2.1	Deployment of Mobile Cascades with LCV/MCV/HCV commercial vehicle: number of commercial vehicle shall be as required to meet the minimum target transportation of 1,00,000 Kg CNG per month as mentioned in SOR.	Sir, request you to kindly mention the minimum number so of vehicles required along with Cascade capacities so as to give clarity to bidder.	Tender Condition Prevails	
15				Sir, kindly consider maintenance off of minimum 01 day per month without any penalty, which may be further carried to next 03 months. For any major maintainance, kindly allow for 03 days off without any penalty.	Tender Condition Prevails
